

Every year, we spend thousands on co-curricular activities, music, drama and extra staffing. We want to offer CBHS students the best. It all costs money, and it is hard for us to continue to ask.

This is why CBHS has partnered with TaxGift. TaxGift lets you simply and easily donate the tax credit on your donations to us, amplifying the power of your gift by up to 43% at no cost to you.

Let's take a moment to think about the below diagram: for every \$100 dollars you donate to us, the School will receive another \$33.33 at the end of the first year. This \$33.33 is considered a further gift of money meaning that \$11.11 is claimable the following year and so on. After three years, your \$100 donation could be worth up to \$148.

It takes less than a minute to opt in to TaxGift by clicking the link below. Then your job is done. TaxGift will integrate with Inland Revenue to claim the donation tax credit and pass them back to us, as a further gift from you.

Historical tax credits

Here is another way that you can help even further: if you have yet to claim your tax credit on donations to us in the past four years, simply tick the box on the form - via the link below - regarding the past four years' donations and the team at TaxGift will claim them as a further gift to us. This is a really powerful way to help put those unclaimed credits to good use.

Your TaxGift helps us provide the best for every student at CBHS. Sign up and make all your gifts go further - make a difference and TaxGift today.
