Introduction / Kupu Whakataki

The Board of Trustees of Christchurch Boys' High School (the Board) is focused on the on-going improvement of student progress and achievement within an environment that provides inclusive education.

To ensure effective school performance, the Board is committed to maintaining a strong and effective operational framework that incorporates legislative requirements and good practice.

The Charter / Te Tūtohunga

The Christchurch Boys' High School Board of Trustees prepares and maintains a School Charter. The purpose of a school Charter is to establish the vision, goals, objectives and targets of the Board that will give effect to the Government's national education guidelines, the Board's priorities and provide a base against which the Board's actual performance can be evaluated.

The Charter includes:

1. The school's vision and values
2. The Board's long-term goals for student achievement (Strategic Plan)
3. An annually updatable section that sets out the school's immediate targets for improving student outcomes and details programmes designed to achieve the goals and targets.

The preparation of the annual section is the responsibility of the Headmaster and is presented to the Board for discussion and approval.

The Strategic Plan is reviewed by the Board annually and adjusted as the need arises. A major review of the Charter occurs triennially.

The Christchurch Boys' High School Charter including the three yearly Strategic Plan, can be downloaded at <https://www.cbhs.school.nz/about-us/our-school/>

3.1 Staff Leave Guidelines

The decisions on applications for leave which do not fit into any of the categories covered by the Secondary Teachers' Collective Agreement, the Support Staff in Schools Collective Agreement and any other agreements that staff employed at CBHS work under, need to be taken after considering the following – not necessarily in this order:

- Purpose of the leave
- Length of service of the staff member at CBHS
- Contribution to the wider life of the school
- Impact on the staff member's current classes
- Relief costs incurred
- Leave with or without pay
- Any legal issues that may arise in granting/not granting leave?)
- Alignment with conditions laid out in the Collective Agreements
- Conflict with key school events

The various types of leave available to staff are set out in the Secondary Teachers' Collective Agreement 2019-2022, [Part Six. Refer to the Support Staff in Schools CA for non-teaching staff.](#) This sets out the eligibility criteria for the various types of leave available to teachers. Features to note about the various types of leave are:

1. Sick Leave. A teacher's sick leave is aggregated depending on length of service and is heavily weighted towards the start of a career e.g. a teacher with 6 months and up to 9 months service has aggregated sick leave of 31 days and gets another 15 days at the 9-month mark, though the next increment is not until 5 years. The maximum aggregation is 306 days after 20 years.
 - a. NOTE: in NZ unused sick leave cannot be 'paid out' as it is in Australia so there have been cases where teachers have gone on extended sick leave before retiring or changing jobs. All that is needed is a valid medical certificate every 4 weeks.

- b. NOTE: Relief costs for any leave taken beyond the first 8 days can be claimed back from the MOE resources. Needs to be done within a term of the teacher returning.
 - c. Medical certificates are usually not required until 5 days but an employer can request one after 3 days (at the employer's cost.)
 - d. Disregarded Sick Leave – BOT is now aware of this type which can be applied for if a teacher feels, and can prove, that sickness is due to conditions at their place of work., among other reasons.
2. Parental Leave is as per the Parental Leave and Employment Protection Act 1987 with variations to length of notice (one month), an extension of time (up to 24 months) and notice of intention to return (one month).
3. Bereavement Leave – no set number of days specified any longer - “reasonable opportunity to discharge their obligations and/or pay their respects...”
4. Leave for Family Reasons – in addition to Sick Leave.
5. Refreshment Leave – this is unpaid and mentions length of service to be eligible:
 - a. One term after 3 full years in the school and up to one year after 5 years in the school
 - b. A formula for how many staff can have this in any given year
 - c. Also includes ability to find a suitable replacement
6. Special Leave: this includes leave for court duty, sporting and cultural representation and study (refer below). Also paid Sabbatical Leave (50 per year nationally, 10 weeks duration) and Sabbatical Leave for Senior Managers (10 per year).
7. Travelling Time for various leave
8. Other forms of leave – not stated in Part Six but which can be applied for and granted by a school

Extra Comments on Study Leave

Formal paid study leave available to teachers comes in two forms:

1. **Study Leave.** There are 75FTE fulltime study awards available nationally each year. This is paid leave with 30(32?) weeks being covered by the MOE.
2. **Study Support Grants.** There are 100 of these available nationally each year to permanent teachers. Rate is 0.16FTE (4 hours per week) and \$500 towards the fees of any courses taken in the year upon completion of the course(s). [*successful completion is not stated. Payment by school/MOE?*]

Points for Consideration:

1. As a good employer, the school should be encouraging the professional growth of our teachers.
2. Once Study Awards and Support grants are given to teachers, the school needs to accommodate this in our staffing formula.
3. The school does have a chance during the application process NOT to support an application.
4. Features to take into account with study applications could include length of time at CBHS but more importantly the future value the school will gain from the staff member.
5. Only Refreshment Leave states pre-requisites of service in a school.
6. The final note of Part Six is a pointer to holidays, and the increasing trend of employees to take leave in the days before and after holidays to take advantage of cheaper fares needs to be kept in mind. *Note 2: The parties acknowledge that the leave provisions of this Agreement (and their administration) operate to provide entitlements equal to, or in excess of, those provided under the Holidays Act 2003. To this extent the parties agree that current administrative practices will continue to operate and, for clarity, **teachers will take their annual leave outside the gazetted term dates.***

The Board might make a statement about any 'shoulder days' being LWOP.

7. Compensation for class size – refer to Timetable Policy

Approved by SLT: 12 November 2019

3.2 Staff Recognition

It is important to recognise and record the achievements of staff in areas such as teaching & learning, service to the school, sporting and cultural achievements. A list of appropriate forms of recognition needs to be able to be referred to.

- (iii) Sponsor naming rights and exclusivity – all exclusive sponsorship arrangements must be approved by the Board.
- (iv) Ensure no conflict of interest between any commercial activities and the School's values and the Board of Trustees strategic goals.
- (v) Neither sponsorship contracting party may bring the other into disrepute.
- (vi) School facilities will be available to all groups within the School to raise funds – no group shall have exclusive rights to School facilities for fundraising activities.

4.9 Theft and Fraud Prevention Policy

Purpose

To set out the policy on fraud and to give guidance to employees on their duties and responsibilities in connection with fraud or suspicion of fraud.

Background

The Board accepts that it has a responsibility to protect the physical and financial resources of the School. The Board has agreed that through its chief executive, the Headmaster, the School has a responsibility to prevent and detect theft and fraudulent actions by persons who are employed or contracted by the School or who are service recipients of the School.

General

As preventative measures against theft and fraud the Board requires the Headmaster to ensure that:

- (i) The School's physical resources are kept secure and accounted for.
- (ii) The School's financial systems are designed to prevent and detect the occurrence of fraud. All such systems must meet the requirements and standards as set out in the Crown Entities Act 2004 and of generally accepted accounting practice promulgated and supported by Chartered Accountants Australia and New Zealand.
- (iii) Staff members who are formally delegated responsibility for the custody of physical and financial resources by the Headmaster are proven competent to carry out such responsibilities and that such persons are held accountable for the proper execution of their responsibilities.
- (iv) All staff members are aware of their responsibility to immediately inform the Headmaster should they suspect or become aware of any improper or fraudulent actions by staff, suppliers, contractors, students or other persons associated with the School.

Actions deemed to be fraudulent

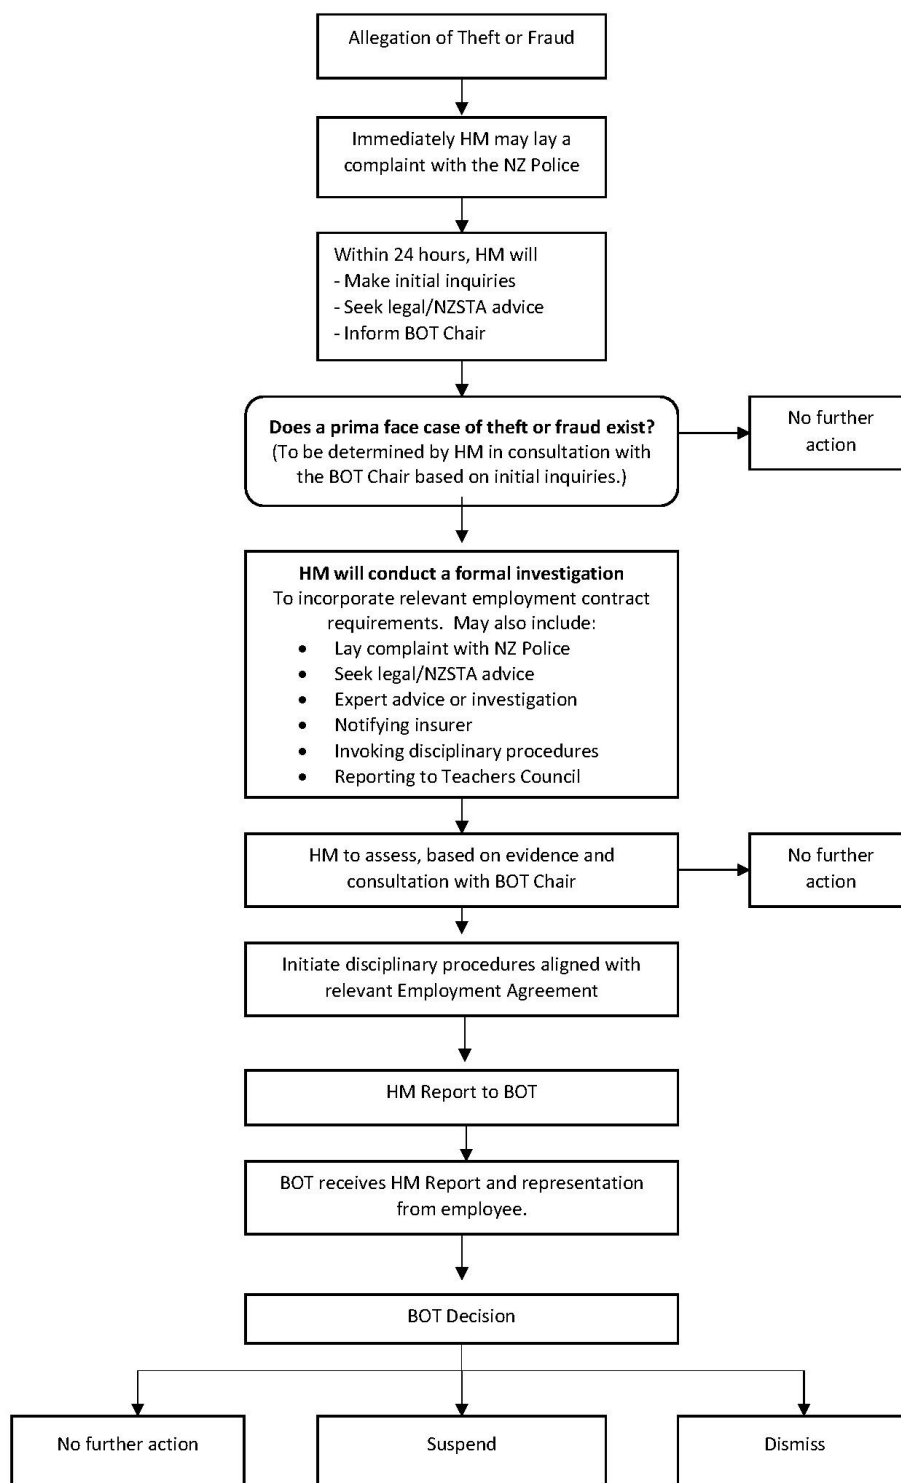

Fraud includes but is not limited to:

- (i) Any misappropriation or irregularities of funds, securities, supplies or other assets.
- (ii) Any irregularity in handling or reporting of money transactions.
- (iii) Misappropriation of furniture fixtures, fittings and equipment.
- (iv) Seeking or accepting anything of material value from vendors, consultants or contractors without prior consent of the Headmaster.
- (v) Unauthorised use or misuse of school property, equipment, materials or records.

- (vi) Any computer related activity involving the alteration, destruction, forgery or manipulation of data for fraudulent purposes, or the misappropriation of school owned software.
- (vii) Any claim for reimbursement of expenses that were not incurred for the exclusive benefit of the school.

Process to be followed when allegation received

The Board recognises that on Police or legal advice, a different process may be followed.

Should any delegated staff member or any other staff member improperly disclose information the Headmaster shall consider if that person or persons are in breach of confidence and if further action is required. Any action the Headmaster considers must be in terms of the applicable conditions contained in their contract of employment and any code of ethics or code of responsibility by which the staff member is bound.

In dealing with any allegation, the Board recognises the rights of employees under their employment agreements and in law.

Allegations concerning the Headmaster or a Trustee

- (i) Any allegation concerning the Headmaster should be made to the Board Chairperson. The Chairperson will then investigate in accordance with the process outlined in this policy.
- (ii) Any allegation concerning a member of the Board of Trustees should be made to the Headmaster. The Headmaster will then seek legal advice as to the next steps including whether to inform other trustees or the Ministry of Education.

The Board requires that all staff are made aware of this Policy.

4.10 Travel Policy

The Board of Trustees (the Board) of Christchurch Boys' High School (the School) has consulted with staff and parents in the formulation of this Policy (the Policy). The Policy was approved and adopted by the Board at its meeting held on 14 November 2023 and became effective from that date.

Introduction

- (i) The Board agrees that it has a responsibility to ensure that travel expenditure incurred by the School must clearly be linked to the business of the School. The Board has agreed on the fundamental principles of this Policy, and has delegated responsibility for the implementation and monitoring of this Policy to the Headmaster.
- (ii) The Board requires the Headmaster, as the Chief Executive and the Board's most senior employee, to implement and manage this Policy. The Principal may, from time to time, further delegate some of their responsibilities, and all such delegations must be attached as appendices to this Policy.
- (iii) This Policy can be read in conjunction with other Board Policies, and the exercising of all authority and responsibilities conferred under this Policy must be in accordance with the Schedule of Delegations and may not exceed an individual's established level of delegated authority.

Principles

- (i) The Board agrees to ensure that
 - the travel expenditure is on the Board's business, and the School obtains an acceptable benefit from the travel when considered against the cost;
 - expenses are reimbursed on an actual and reasonable basis; and

- staff that are required to travel on business do not suffer any negative financial effect.

Process for Making Travel Arrangements

- (i) Under no circumstances may any staff member approve their own travel.
- (ii) All bookings for international and domestic travel are to be conducted through the School's normal purchase procedures located in the Staff Handbook. This includes the booking of accommodation, flights and rental vehicles.

Travel within New Zealand

- (i) The justification for travel within New Zealand must be documented. It is to be transparent and must relate to a school need. Travel within New Zealand is to be authorised on a one-up basis (for example the Headmaster should authorise any travel by the Deputy Headmaster and the Board Chair should authorise any travel by the Headmaster).
- (ii) All domestic air travel is to be economy class.

International Travel

- (i) Prior to international travel being undertaken, the traveller must be given a copy of this Policy and be required to sign it off to signify that they have read and understood it.
- (ii) All international travel should be authorised by the Board before it is commenced. A proposal must be put to the Board detailing the purpose of the trip, the expected benefit to the Board which will arise from the trip and an estimate of the costs of the trip. The Board will approve the travel in writing.
- (iii) At the end of the trip overseas, the traveller must prepare a trip report, which details the costs incurred during the trip, activities which took place during the trip and the benefits to the Board and the School of the trip.
- (iv) Except where the flight time exceeds 10 hours, all international air travel is to be economy class.
- (v) Business class travel may be approved, where the Board considers appropriate, for travel more than 10 continuous hours in duration.
- (vi) If a staff member has a travel time without a stopover in excess of 20 hours, a rest period of 24 hours before commencing work is permitted.

Accommodation

- (i) Staff should opt for good but not superior accommodation, for example Qualmark 2 star accommodation and must be prepared to justify exceptions to this rule to the Board.
- (ii) Staff who stay privately will be reimbursed on production of receipts, for koha or for the cost of a gift given to the people they have stayed with. Prior to travel the staff member should receive authorisation for the value of the intended koha/gift. (Refer to Gift Policy).

Vehicles

- (i) When using rental vehicles, staff should opt for good but not superior model vehicles and should be prepared to justify any exceptions to this rule to the Board.
- (ii) Use of private vehicles is to be approved on a one-up basis and reimbursement will be at the rate specified in employment agreements.
- (iii) If taxis or rideshare vehicles are used, then staff should pay by school credit card, or obtain a receipt and seek reimbursement as part of an expense claim.

Reimbursement of Expenses

- (i) The reimbursement for business related travel expenses is on the basis of actual and reasonable costs. Actual and reasonable expenditure is defined as “the actual cost incurred in the particular circumstance, provided that it is a reasonable minimum charge”.
- (ii) For travel within New Zealand, actual and reasonable expenses are those incurred above the normal day to day costs.
- (iii) All personal expenditure is to be met by the staff member. Examples of this are mini bar purchases, in house movies, laundry and private phone call charges are to be paid separately by the travelling staff member.
- (iv) All receipts must be retained and attached to the travel claim. The claim is to be authorised on a one-up basis.
- (v) For expenditure incurred in New Zealand of value greater than \$200 (including GST) there should also be a GST invoice to ensure that GST can be reclaimed by the School.
- (vi) Authorisation can still be given for expenditure less than \$200 where there is no receipt, for example if it is not practical to obtain a receipt or if the receipt is lost. The expenditure can be reimbursed provided that is no doubt about its nature or the reasons for it.

Discretionary Travel Benefits

- (i) Staff must travel by the most direct route unless scheduling dictates otherwise.
- (ii) The School will not meet expenses incurred on behalf of a spouse or travelling companion. In the event of a person travelling with an employee, a reconciliation of expenses should clearly demonstrate that the School did in no way incur additional expenditure.

Approval

- (i) As part of its approval the Board requires the Headmaster to circulate this Policy to all staff, and for a copy to be included in the School Policy Manual, copies of which shall be available to all staff. The School Policy Manual shall also be made available to students and parents at their request. The Board requires that the Headmaster arrange for all new staff to be made familiar with this Policy and other Policies approved by the Board.

4.11 Use of School Facilities Policy

Purpose

The facilities at Christchurch Boys' High School are used for School events and approved community groups' events. This policy is to provide guidance to those who may wish to use the School facilities.

Policy Statement

As part of its role as a leading educator and key resource in the local community the School makes available at an appropriate fee its facilities and is keen to see them utilised and enjoyed widely.

The School reserves the right to refuse approval for the use of a school building or its facilities as it sees fit.

The School fulfils its compliance with health and safety legislation by ensuring that all users of the facilities read, sign and abide by the Conditions of Use (Hall booking form and Hall and Performance venues Health and Safety Policy), and are aware of recognised hazards.

4.12 Use of School Facilities – Funerals

Funeral Services

This is supported by the whanau.

The honour to hold funeral services at the school Hall is restricted to Old Boys or current students, and staff or former staff if and when the circumstances arise. Persons of significance to the school may require special consideration.

Decisions will be made on a case by case basis as the least disruption to school time and a school day needs to be also considered.

Decision will be made by the Operations Manager in consultation with Headmaster in line with normal hire procedures.

Tangihanga

The whanau do not encourage this option on the school site.

This implies that a group may want the use of the facilities for 3 days or more which if in a school week is very hard to manage.

The school is not a marae and not set up specifically for tangihanga use. This is not generally supported by the whanau but there might be special circumstances for a body to lie in state in the school hall short periods.

Ultimately this is the Board of Trustees and Old Boy's discussion and decision. The marae are generally purpose built for tangihanga activities and protocols to take place. Schools are not. Tangihanga often take precedence on marae. This would not be the same for schools.

4.13 Capital Expenditure Policy

Definition

1. Capital expenditure is defined as
 - Any expenditure > \$3,000 (excl. GST) to acquire or upgrade physical assets such as buildings, property and equipment
 - Provides benefits for more than one year
 - Expenditure from the Provision for Cyclical Maintenance

Budget

2. A capital expenditure budget is approved by the BOT as part of the annual budget approval process. Inclusion of an item in the capital expenditure budget does not, on its own, constitute approval to purchase.

Process to Purchase Capital items

3. A capital expenditure request is to be completed and will include:
 - Capital item to be purchased
 - Name of requestor
 - Description / Justification for request
 - Budget information (ie. is the item included in the current year capital expenditure budget and at what amount?)
 - Comparative quotes from supplier or explanation of exceptional circumstances why quotes have not been obtained
 - Recommendation of purchase by requestor
4. It is good practice to obtain comparative prices for all capital expenditure. Unless there are exceptional circumstances, 3 comparative quotes should be sourced for all capital expenditure requests. A recommendation should be made by the requester as to the preferred supplier based on price, quality, reliability, timing and any other relevant factors.

Delegation

5. The HM has delegated authority to approve any capital expenditure requests for items that:
 - have been approved by the BOT in the annual capital expenditure budget, and the estimated cost does not exceed 10% more than the original budget amount.
 - have not been approved in the annual capital expenditure budget, are less than \$20,000, and will not result in the overall capital expenditure for the year exceeding budget (ie, through savings on other budgeted capital expenditure items, or substitution of items).
6. All other capital expenditure requests must be approved by the BOT.

Reporting

7. Capital expenditure will be reported to the Finance and Audit Committee every month.

- (v) If an activity is cancelled, any funds raised will be returned to those who provided funds or if this is not possible held by the school to support a similar event.
- (vi) Fundraising activities must align with the values of CBHS.
 - a) Fundraising events involving the consumption of alcohol must comply with the Drugs Alcohol & Tobacco Policy and have the prior permission of the Headmaster.
 - b) The bulk sale of alcohol for fundraising must expressly align with the goals and guidelines of the Drugs Alcohol and Tobacco Policy.
- (vii) As a general principle the effort put into, and resulting proceeds of fundraising, are to be shared by and benefit all students engaged in the overall activity. Exceptions to this may be approved by the Deputy Principal Operations who will consider the nature of the activity, and be mindful of excluding students who have genuine barriers to participation.
- (viii) The use of the school crest, colours, name and anything that suggests an association with the school must follow the approved guidelines.
- (ix) Fundraising activities must not compromise student or teacher classroom performance or activity
- (x) Fundraising activities must not create any perceived or actual conflicts of interest.

5.2 Reducing student distress and use of physical restraint policy

Outcome statement

This board is committed to a supportive and caring school environment where all students and staff are kept safe from harm and treated with dignity.

Except as authorised under this policy, no staff member may use any form of physical restraint on our students.

Our Headmaster, teachers, and board-authorised staff members can only physically restrain a student as a last resort, where:

- the use of physical restraint is necessary to prevent imminent harm to the student or another person,
- there is a reasonable belief that there is no other option available in the circumstances to prevent the harm, and
- the physical restraint is reasonable and proportionate to the circumstances.

This policy is to be read in conjunction with The Ministry of Education's Physical Restraint Guidelines and Appendix 1 of the Ministry of Education's Physical Restraint Rules.

Delegations

The board delegates to the Headmaster responsibility for:

- developing and implementing procedures and practices to prevent, plan for, and respond to student distress that meet the requirements of the Education (Physical Restraint) Rules 2023 and its amendments ("the 2023 Rules"), and
- recommending eligible non-teaching staff to the board for authorisation to use physical restraint according to requirements of the 2023 Rules.

Only the board can authorise non-teaching staff members to use physical restraint.

Expectations

All staff subject to this policy are trained to confidently apply prevention and de-escalation strategies, limiting the need to restrain a student physically according to the 2023 Rules and the relevant guidelines.

Board

The board requires:

- compliance with the 2023 Rules, and
- an evidence-based assurance from their Headmaster that this policy is being followed.

Headmaster

The Headmaster shall ensure:

- the implementation and compliance of this policy, including the completion of best practice training by all staff who are authorised to use physical restraint,
- operational compliance with the Education and Training Act 2020 and the 2023 Rules,
- all physical restraint incidents are immediately reported at the next board meeting,
- the board is informed of all relevant information (risks, trends, and impacts), and
- all non-teaching staff who may use physical restraint on a student have been authorised by the board.
- If a student has a high likelihood of needing to have Physical Restraint, an Individual Behaviour Plan will be written and made available for that student.

Monitoring

The Headmaster shall report to the board:

- on compliance, or the actions being taken to ensure compliance with this policy, the legislation, and the 2023 Rules on reducing student distress and use of physical restraint, and
- all incidents, matters, or risks relating to this policy, ensuring that the privacy of individual students is maintained.

The board shall monitor the use of physical restraint, looking for trends and any action that could be taken at the governance level to support reducing such incidents.

Definitions

As defined in the Education and Training Act 2020:

Physical restraint is using physical force to prevent, restrict or subdue the movement of a student's body or part of the student's body against the student's will.

Harm means harm to the health, safety, or well-being of the student or another person, including any significant emotional distress suffered by the student or the other person.

Authorised staff member means an employee of a registered school who is trained and authorised by the employer to use physical restraint in accordance with Section 99 of the Act.

The school accepts its responsibility under the legislation for engaging in safe employment practices and playing a role in the prevention and identification of child abuse and neglect.

Purpose

The school is committed to modelling and providing a safe environment, free from physical, emotional, verbal or sexual abuse.

The school recognises the important role and responsibility that all staff have in identifying and responding to suspected child abuse or neglect and in responding appropriately to concerns about the wellbeing of a child.

The school is committed to working with other children related agencies to improve the well-being of vulnerable children.

The school's Board of Trustees, in accordance with the requirements of Part 2, Section 18 (a), (b), (c) & (d) of the Vulnerable Children Act 2014 will:

- a) adopt this child protection policy
- b) ensure that the policy is available on the school website and is available upon request from the school office
- c) ensure that all agencies, contracts or funding arrangements fulfil the requirements of this policy
- d) review the policy every three years

Guidelines

- 1 If there is immediate danger to a student or safety is an issue, act with urgency – contact the police
- 2 The Headmaster is required to ensure that leaders within the school work together with other children's agencies (such as the Police, Oranga Tamariki, Social Workers, etc.) to improve the well-being of vulnerable children by:
 - protecting them from abuse and neglect
 - improving their physical and mental health and their cultural and emotional well-being
 - improving their educational outcomes and their participation in cultural and extra-curricular activities
 - strengthening their connection to their families, whānau, hapu and iwi, or other culturally recognised family groups

- increasing their participation in self-decision making and their contribution to society
 - improving their social and economic well-being
- 3 The Headmaster will ensure that there are procedures in place to identify and respond to allegations regarding abuse.
 - 4 The Headmaster will ensure that there are procedures in place to deal with the possibility of an allegation involving a staff member.
 - 5 The Head of Guidance will act as the Child Protection Coordinator. The Headmaster may assume any of these roles if required.
 - 6 All staff have a responsibility to act in the best interest of the individual child.

Definitions:

Child abuse:

Child abuse is a broad term which includes physical, emotional and sexual abuse and neglect which is the direct consequence of a deliberate act or omission by an adult and which has the potential to cause or effect serious harm to a child.

Child neglect:

Child neglect is the failure or omission to care for a child. This failure or omission to care can be physical, emotional, medical or educational or involve a lack of supervision.

Core worker: Core worker means a children's worker whose work in, or providing a regulated service requires or allows that, when the person is present with the child or children in the course of that work, the person is either:

- The only person present; or
- Is the children's worker who has primary responsibility for, or authority over the child or children present

Non-core worker: means a children's worker who is not a core worker

Confidentiality and Information sharing

The Privacy Act 1993 and the Oranga Tamariki Act 1989 allow information to be shared to keep children safe when abuse or suspected abuse is reported or investigated.

Recruitment and Employment

- 1 The Headmaster will ensure that safe recruitment practices in line with the Vulnerable Children Act of 2014 and Section 78C and 78CA of the Education Act are in place. In accordance with these Acts, the school is required to police vet all core and non-core workers, including contractors and their employees, who work at the school if they are likely to have unsupervised access to students at the school during normal hours.
- 2 In addition to a police vet, core and non-core workers will also be subject to identity verification, references and an interview. A work history will be sought and previous

employers will be contacted. If there is any risk that an applicant might pose a risk to a child that applicant will not be employed. A checklist is to be used for all appointments.

- 3 Notwithstanding 1 & 2 above, if core children's workers e.g. Public Health Nurses, Family Planning Nurses, Youth Workers, who have been safety checked by their own employer have unsupervised access to students, the school will not proceed with a police vet but will seek an assurance from their employer by letter that this has been done.

- 7 Applying for and accessing and the resources required to support the programme.
- 8 Providing support and advice to staff regarding child abuse.

Identifying the signs abuse or neglect:

The physical and behavioural signs, symptoms and history listed below may indicate abuse or neglect. However they are not specific to abuse or neglect. In certain situations, contexts and combinations they may indicate other conditions. All signs must be examined in the total context of the child or young person's situation.

Responding to suspected abuse or neglect

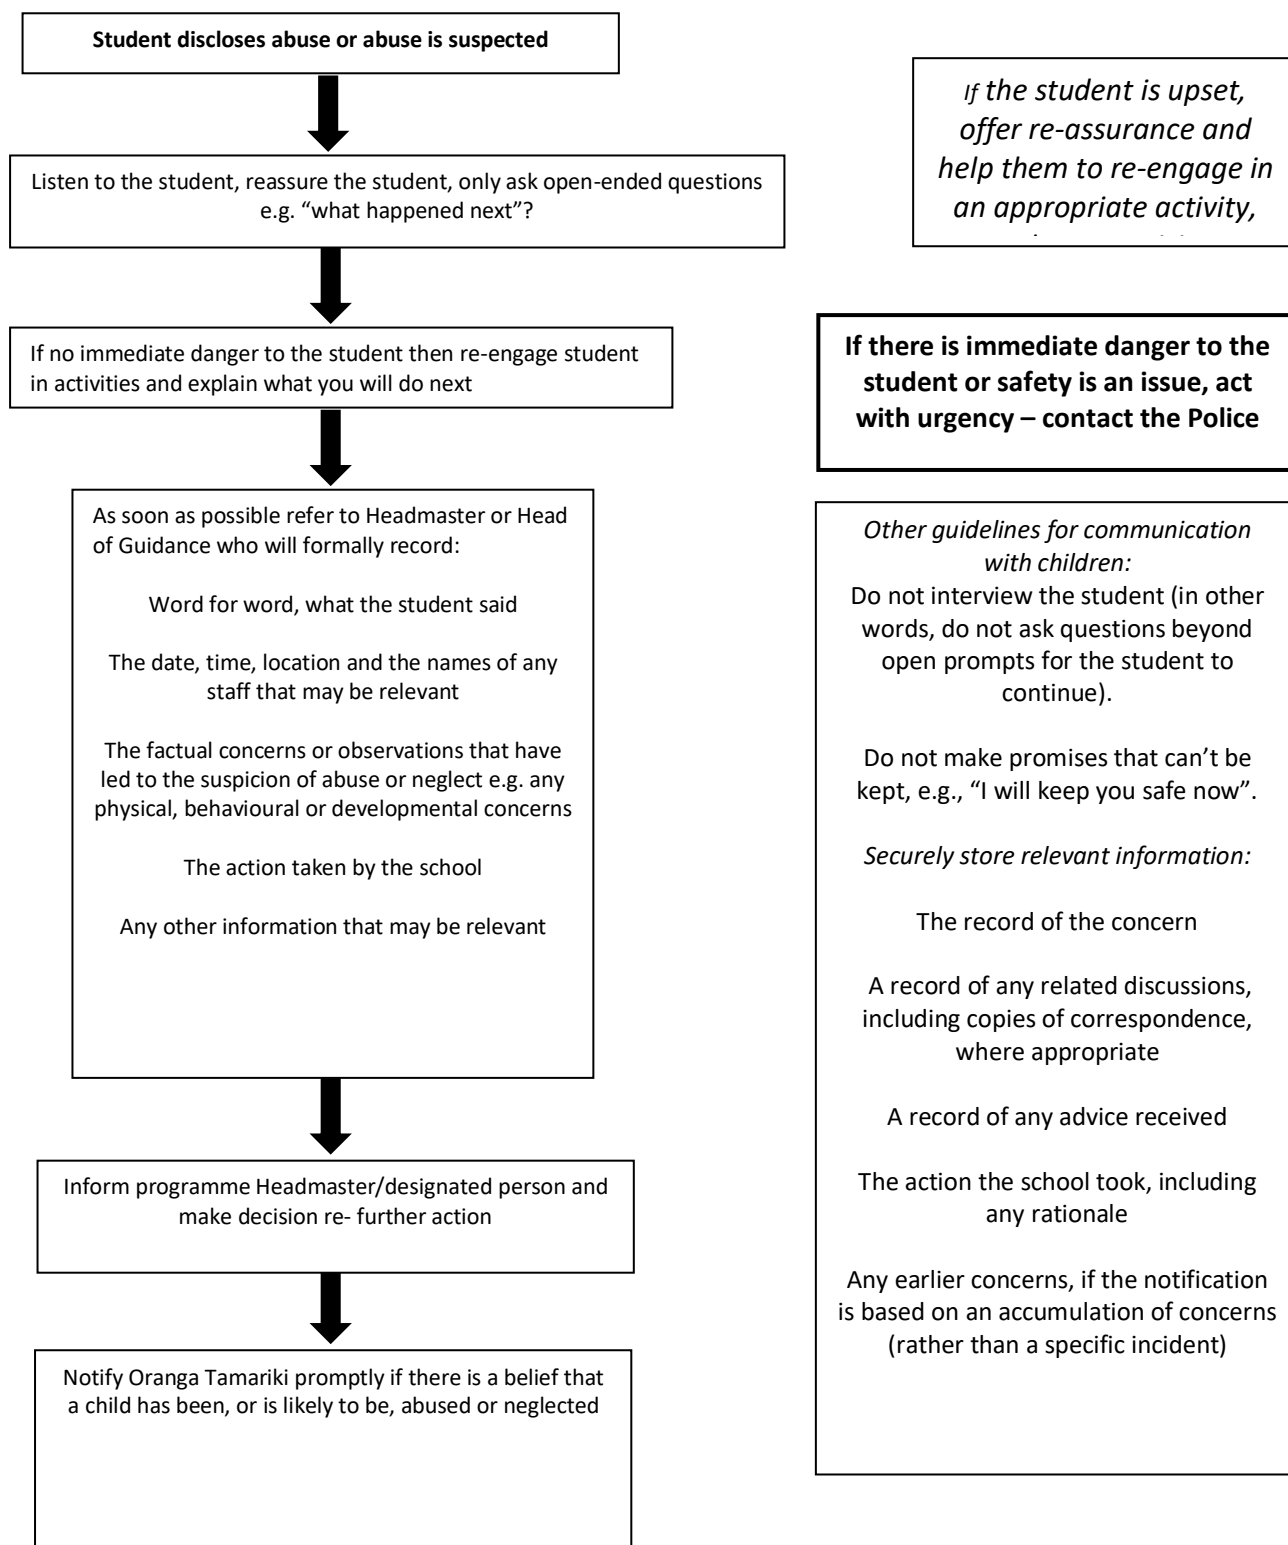

- 1 There is a process to follow when an incident or suspicion of abuse or neglect is reported. See the '*Child Abuse Reporting Process*' flowchart below
- 2 All suspicions or reports of incidents will be reported to and discussed with the Child Protection Coordinator as soon as possible.
- 3 S/he will make a written report of the incident.

If there is clear evidence or reasonable cause to believe an instance of child abuse has taken place, the Child Abuse Coordinator must take immediate steps to protect the child and should notify Oranga Tamariki. Exceptions to this notification will be approved by the Headmaster who may approve a referral to an appropriate statutory or non statutory agency which can provide support services to the family and provide a response in the interest of the child proportionate to the level of need and risk.

Allegations or concerns about staff

- 1 There is a process to follow when an allegation of child abuse is made in relation to a staff member. See "When an allegation of abuse is made against a staff member" flowchart below.
- 2 If there is a need to pursue an allegation as an employer, the Headmaster or delegated person will consult with Oranga Tamariki or the Police before advising the person concerned and informing them that they have a right to seek legal advice. The Headmaster will provide the staff member with an opportunity to respond.

All actions will be undertaken with appropriate care to maintain confidentiality.

Prevention of possible abuse or neglect

The school is committed to ensuring that all staff can identify the signs and symptoms of potential abuse and neglect and know how to respond.

- 3 Understand the standard of adult behaviour expected of adults in relation to children
- 4 Understand how to minimise the risk of child abuse
- 5 Understand their need to seek advice when child abuse or neglect is suspected.
- 6 Understand the school's process once child abuse or neglect is identified or suspected
- 7 Understand their legal obligations and responsibilities with regard to this process
- 8 Understand that the school supports the roles of the New Zealand Police and Oranga Tamariki in the investigation of suspected abuse and will report suspected/alleged abuse to these agencies

5.4 Digital Citizenship Policy

Rationale

Christchurch Boys' High School supports a Digital Citizenship model for the promotion of safe and responsible use of technology.

The board recognises that by fostering a culture of successful digital citizenship in our students, staff and our wider community we are encouraging everyone to take responsibility for themselves and others in their use of ICTs. This allows us to harness the potential that technology brings to the teaching and learning process, while minimising *and* learning to effectively respond to the challenges we may experience while using them in a learning context.

Purpose

The board is aware that preparing our students to make effective use of ICTs is an important part of their preparation for participation and contribution in society today and into the future.

It is our belief that we must prepare our students to actively participate in the world in which they live. It is clear that a key skill in this new world will be their ability to participate as effective digital citizens. An important part of learning these skills is being given the chance to experience the opportunities, and the challenges presented by technology in a safe, secure and nurturing environment, where clear, effective guidance can be sought as students and teachers learn.

The board recognises that its obligations under the National Administration Guidelines extend to use of the internet and related technologies.

Policy Statement

Christchurch Boys' High will develop and maintain procedures around the safe and responsible use of the internet and related technologies (ICTs). These internet safety procedures will recognise the value of the technology and encourage its use in a teaching and learning context while helping to minimise and manage the challenges that may be experienced by students, teachers and the wider school community.

The school will consult with parents and the wider school community, as to how it intends to use ICT and where possible explain how it benefits the teaching and learning process.

These procedures will aim to not only maintain a safer school environment, but also aim to address the need of students and other members of the school community to receive education about the safe and responsible use of information and communication technologies.

11. Self Review, Planning and Reporting Policy

Christchurch Boys' High School is committed to continuous improvement. To accomplish this, all aspects of Board and management operations are reviewed and evaluated in an efficient, objective and meaningful way. We believe that self-review links to all key aspects of school improvement – strategic planning, professional development, quality of teaching and learning, addressing the individual learning needs of our students and raising student achievement.

The types of self-review that are central to continuous improvement and sustainability include:

Strategic Self-Review – is long term and focused on key goals related to the school's vision.

Regular Self-Review- is about business as usual. They are smaller focused and ongoing, feeding regular data into the strategic review.

Emergent Self Review- is in response to unplanned events or issues as they arise and is therefore, one-off spontaneous.

Delegation

The review of learning areas and all related matters will be led by the Headmaster.

14. Timetable Policy

5.1A of the Secondary Teachers Collective Agreement states that:

Each employer must have a policy on timetabling, developed in consultation with its teaching staff. This policy shall incorporate:

- (a) The non-contact entitlements of 5.2.3 to 5.2.6 below as relevant for the type of school;*
- (b) Class size matters, including the class size provisions of clause 5.9;*
- (c) Reference to other matters, including hours of duty outside of timetabled hours, which impact on timetabling practices;*
- (d) A process providing for circumstances where, for genuine reason during timetabling or at short notice, it is not possible to provide the non-contact time entitlements described in 5.2.3(a), 5.2.4(a), 5.2.5(a) and 5.2.6(b) and where the employer has used reasonable endeavour and is unable to achieve the class size provision in 5.9.2.*

Policy Statement

1. The school will adhere to the requirements of the STCA and that document should be the basis for any discussion regarding entitlement.
2. Section **5.1.2** of the STCA is recognised as an acceptance that timetable design and related matters are intended to meet the needs of students.
3. The school will use the roll figures on March 1 as the basis for any discussion of entitlement.
4. The school will meet the non – contact entitlements of 5.2.3 to 5.2.6 of the STCA. For part time teachers endeavour to provide timetabled non - contact time will consider the benefits to the school of the provision of this time against the cost implications on other school programmes and statutory requirements.
5. The school's preference is to achieve for each individual teacher, with more than one class an average class size of 26 and it will use reasonable endeavour to do so (See **Appendix One** for a description of reasonable endeavour to achieve average class sizes of 26).
6. For teachers with a class size average that exceeds 26. The Headmaster (or his/her delegate) will with the teacher concerned make provision to meet the workload demands generated for individual teachers. (It is noted that a class size over 26 does not increase teaching contact time but causes additional preparation, marking and reporting.) The provision for circumstances in which a teacher's class size average exceeds 26 will address the contributors to hours of work as described in section **5.1.1**. and which section **5.2.1** acknowledges that teachers are required to do. As a last resort Time in Lieu to meet the workload demands caused by an average class size of over 26 May be used. (See **Appendix Two** for a calculation that may be used as a basis for determining time in lieu). Ideally provision for circumstances in which a teacher's class size average exceeds 26 will not negatively impact on the workload of colleagues.
7. All compensation measures must be targeted to addressing workload.
8. If the school has a class size average of over 26 students for all teachers a cash equivalent of any unused MOE teacher staffing will be available to be distributed as RRR payments for all

individual teachers with an average class size over 26. This cash equivalent and its distribution will be determined by a calculation based on the MOE Staffing Entitlement and will ensure that the school is not benefitting financially from an average class size of over 26 across the entire school.

9. Teachers who teach over 130 students in a year will be entitled to seek provision for their additional reporting workload.
10. The school will endeavour to limit Senior Hard Material workshop classes to 24 students.
11. Full time teachers will have a student mentor group unless excused by the Headmaster for other duties.
12. Teachers of students on study leave are available for equivalent contact time lost due to regular timetabled classes not running.
13. The Headmaster will display a schedule of the distribution of Middle Management Allowances, Senior Management Allowances, and Management Units annually by mid Term 2. This will display job titles.
14. The Headmaster will display a summary of the number of over code teachers and the number of teachers with an actual class size average over 26.
15. The process for providing for circumstances for teachers for whom (after the school's reasonable endeavour) it has not been possible to provide their minimum non-contact entitlement will be.
 - i) Teachers will be identified by the Headmaster or his/her delegate before March 1
 - ii) Teachers will be offered compensation to address the additional workload identified by not receiving their minimum non-contact entitlement.
 - iii) If no suitable reduction in workload can be achieved the teacher will receive compensation (RRR payment) equivalent to the cost of employing a teacher to teach those periods (this will be based on the teachers position on the salary scale)
16. The process for providing for circumstances for teachers who after the school's reasonable endeavour still have an average class size over 26 will be.
 - i) Individual teachers will be identified by the Headmaster or his/her delegate before March 20) and a further reasonable endeavour exercise will be carried out.
 - ii) Provision will be made to address the additional workload identified by the over allocation of students (this may include release from duty, additional support at peak workload time of the year or days in lieu – as a basis every 1 students over 26 will equate to 1.5 days in lieu. The provision of days in lieu will only be used when other means have been explored and been found unsuitable. Days in lieu must be used to address workload and evidence of this will be required in the leave application).
17. Key data relating to the timetable policy (such as average class size for the school and numbers of teachers over 26 will be recorded annually in the "Dashboard of key indicators" section of the school charter.
18. Individual teacher data will be recorded using the template attached as **Appendix 3**

Appendix One: Description of reasonable endeavour to achieve average class sizes of 26

The school will attempt to use reasonable endeavour to achieve an average class size of 26 and this is preferred to having to provide for circumstances in which a teacher has an average class size over 26.

Reasonable endeavour will include:

- a) Looking at the mix of classes in a teacher's timetable e.g. number of junior classes, number of A band classes

Appendix Two: Justification of days in lieu calculation.

Full time teachers are provided with a minimum non-contact time of five hours per week as an acknowledgment of the importance to quality education of duties other than classroom teaching as described in 5.1.1 of the STCA i.e.

- a) Preparation, evaluation and assessment time
- b) Counselling and pastoral needs of students
- c) Administrative responsibilities
- d) Involvement in extracurricular programmes

An average class size of over 26 does increase some of these duties. The non-contact time per boy, per non-contact period is 2.3 minutes. (60 minutes ÷ 26 boys = 2.3 minutes).

A formula therefore to work out the additional contact time needed by having a class size average over 26 is: 2.3 minutes x number of students over class size average x number of non-contact periods (max 5) x 38 school weeks (see table below for worked examples).

This formula provides a yearly number of hours of non – contact time that could be generated by students over the 26 average. This can be converted into days in lieu to provide support at peak times of the year.

Average boy-hours	Ave Boy hours over 26	Ave boys hours over 2.3 x	Extra min of non contact (yearly)	Extra hours of contact (yearly)	Extra weeks of contact (yearly)	Days in lieu

12. The RAMS process must have been considered on application. This will be developed as planning (post approval) takes place. The consideration on application needs to be sufficient to ensure that the BOT are confident any risk is minimised. The RAMS must be resubmitted to the Board for approval 3 months before departure.
13. The application process must detail how information regarding itinerary, costs and risks will be communicated to parents.
14. No students who owes enforceable charges to the school will be allowed to participate in any overseas tour.
15. All students and staff on any school trip must have appropriate travel insurance for the duration of the trip.
16. Parents or other adults not employed by the school travel at their own risk and can bring no liability on the school.
17. Student supervision should always be carried out by teachers employed by the school. Any exceptions to this should be made clear in the RAMS documentation.
18. A post trip review must be conducted and submitted to the Board of Trustees within 60 days of the trips return.
19. The Headmaster may at his/her discretion prevent any student from representing the school for reasons including (but not limited too) poor behaviour at school, inadequate attention to studies.
